## DEVON INDEPENDENT PRACTITIONERS' GROUP

Like-minded dentists, living and practising in Devon

### Our history

The group was formed in 1999 by a like-minded group of dentists living and practising in Devon.

Initially, the group was called the South Devon Independent Practitioners' Group reflecting its origins in and around Torbay and the South Hams. However, over the past few years the membership has increased considerably and in order to reflect the widening geographical spread of our membership the group was renamed the Devon Independent Practitioners' Group in late 2005.

### Our aim

We aim to provide events, both professional and pastoral.

The group arranges clinical days and presentations given by high profile and respected speakers in comfortable surroundings . . . and quality refreshments provided!

### Why not receive the benefits of membership?

Membership of our group costs a one off joining fee of £80.

Thereafter, membership is £15 per month for Dentists or £10 per month for all other Dental Care Professionals.

All paid-up members are entitled to attend our meetings and seminars (and many of the social events) at no additional charge.

We aim for CPD accreditation for all our educational meetings and certificates are made available at the end of each qualifying meeting.

### Our next Conference & AGM

# Getting it Right... most of the time

Our next Conference

**Ken Hemmings**

Friday 11 October 2019 • 9-5pm • Imperial Hotel, Torquay

Preceded by the 19th AGM of The DIPG on Thursday 10th October at 7pm

DEVON INDEPENDENT PRACTITIONERS' GROUP  
Like-minded dentists, living and practising in Devon

Ken Hemmings

Ken graduated with honours in Dental Surgery from Bristol University in 1982. Junior hospital posts followed at Bristol, Birmingham and Torquay before gaining a Registrar in Oral Surgery position at the Royal London Hospital. He gained his London fellowship in 1986 before entering the specialty of Restorative Dentistry. The two year MSc programme in Conservative Dentistry at the Eastman Dental Hospital was followed by registrar and then Senior Registrar training at the Eastman in 1993.

He was appointed as consultant in the departments of Conservative Dentistry and Periodontology in August 1995. He is recognised by the GDC as a specialist in Restorative Dentistry, Prosthodontics, Periodontology and Endodontics. He has examined for the Royal Colleges of England and Edinburgh, National University of Singapore and Peninsula University. He was president of the British Society for Restorative Dentistry 2014-15 and is currently on the editorial board for Dental Update.

His research interests and publications, including two books, have covered the management of tooth wear, hypodontia, and tooth replacement. He now shares his time between hospital and private practice.

### Objectives

- discuss what factors influence the decision-making process
- discuss when to repair and when to remove teeth
- discuss the use of adhesive and conventional restorations and bridges
- discuss the use of overlay, onlay and over dentures
- understand the limitations of implant treatment.

### Learning Outcomes

- GDC learning outcomes A,C & D
- 6 hours verifiable CPD.

At the end of the lecture participants will know what treatment options exist for patients with tooth wear and missing teeth and be able to select the most appropriate option to manage their own patients.
